

Colloidal Silver:

DESCRIPTION

Why Miracles Of Health Colloidal Silver?

Miracles of Health Colloidal Silver is a mineral suspension produced at about 50 ppm of .9999 pure silver in de-ionized water. It is a mineral supplement used to boost and augment the body's immune system.

Most products out there have an average of only 5-10 ppm, many studies indicate that in the range of 5 – 10 ppm (parts per million or mg/l), colloidal silver has little effect on 'friendly' bacteria, while being highly useful against infections and eliminating various microbes, viruses and fungi. There are also studies results that colloidal silver solutions in higher concentrations are beneficial for many skin conditions and other external ailments.
